

Animal and Plant Health Inspection Service**[Docket No. 95-060-1]****Procedures for Importing Animals Through the Harry S Truman Animal Import Center****AGENCY:** Animal and Plant Health Inspection Service, USDA.**ACTION:** Notice.

SUMMARY: We are giving notice of the date and location of the lottery for authorization of the use of the Harry S Truman Animal Import Center (HSTAIC) in calendar year 1996. We are also giving notice of the period during which applications must reach the Animal and Plant Health Inspection Service in order to be included in the lottery.

DATES: To be included in the lottery for authorization to use HSTAIC in calendar year 1996, applications must be received no earlier than October 1, 1995, and no later than October 15, 1995. Deposits must be received by November 29, 1995. The lottery for authorization to use HSTAIC during 1996 will be held on December 6, 1995.

ADDRESSES: Completed applications and deposits must be sent to the Administrator, c/o Import-Export Animal Staff, National Center for Import-Export, Veterinary Services, APHIS, USDA, 4700 River Road Unit 39, Riverdale, MD 20737-1231. Application forms may be obtained by writing to the same address, or by calling the telephone number provided under the heading **FOR FURTHER INFORMATION CONTACT**. The lottery will be held at USDA, APHIS, Conference Room 3B01CN, 4700 River Road, Riverdale, MD.

FOR FURTHER INFORMATION CONTACT: Ms. Joan Montgomery, Staff Specialist, Import-Export Animals Staff, National Center for Import-Export, VS, APHIS, Suite 3B30, 4700 River Road Unit 39, Riverdale, MD 20737-1231, (301) 734-8172.

SUPPLEMENTARY INFORMATION: The regulations in 9 CFR part 92, §§ 92.430, 92.431, 92.522, and 92.523 (referred to below as the regulations), set forth the conditions under which importers may qualify animals to enter the United States through the Harry S Truman Animal Import Center (HSTAIC) in Fleming Key, FL.

Because the demand for quarantine space at HSTAIC has traditionally exceeded the space available, the regulations provide that a lottery will be held each year during the first 7 days of December, to determine the priority of

applications for the following calendar year. To be included in the December lottery, applications must reach the Import-Export Animals Staff of the Animal and Plant Health Inspection Service (APHIS) no earlier than October 1, and no later than October 15 of the year of the lottery. Additionally, applicants must send a deposit in the form of a certified check or money order in the amount of \$32,000, payable to the United States Department of Agriculture, Animal and Plant Health Inspection Service, for each application. APHIS will not consider an application unless we receive this deposit from the applicant on or before November 29, 1995. In the event that the Import-Export Animals Staff receives no more than one application between October 1, 1995, and October 15, 1995, the lottery will not be held, and APHIS will grant exclusive right to use HSTAIC during the calendar year 1996 in the order applications are received.

Applicants should be aware that certain improvements are being made to the HSTAIC facility in order to meet standards set by the Florida Department of Environmental Protection. The availability of HSTAIC for use for 1996 lottery applicants will be dependent upon satisfactory completion of these projects.

Authority: 7 U.S.C. 1622; 19 U.S.C. 136; 21 U.S.C. 102-105, 111, 114a, 134a, 134b, 134c, 134d, 134f, 135, 136, and 136a; 31 U.S.C. 9701; 7 CFR 2.17, 2.51, and 371.2(d).

Done in Washington, DC, this 31st day of July 1995.

Lonnie J. King,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

Forest Service**Inland Native Fish Strategy**

ACTION: Notice of decision on the Inland Native Fish Strategy Environmental Assessment and Finding of No Significant Impact.

SUMMARY: In the March 14, 1995, **Federal Register** (Vol. 60, No. 49, pp. 13697-13698), notice was given that the Forest Service, in cooperation with the Bureau of Land Management and US Fish and Wildlife Service, was gathering information in order to prepare an Environmental Assessment (EA) for a proposal to protect habitat and populations of native inland fish.

On July 28, 1995, the Regional Foresters for the Northern, Intermountain, and Pacific Northwest

regions of the Forest Service announced their decision on the Inland Native Fish Strategy. Based on public comment analysis and internal review, they have decided, with the support of the US Fish and Wildlife Service, to select Alternative D as described in the Environmental Assessment for the Inland Native Fish Strategy.

The Inland Native Fish Strategy covers approximately 25 million acres of National Forest System lands in eastern Washington and Oregon, Idaho, western Montana, and portions of Nevada. The Environmental Assessment for the strategy was distributed to the public in June for a 30-day review. A series of public hearings were held to allow ample opportunity for the public to share their concerns. All comments have been considered and incorporated into the decision.

This decision notice reflects the final decision of the Forest Service. The decision may be appealed in accordance with the provisions identified in the Decision Notice. Copies of the Decision Notice and Finding of No Significant Impact are currently being printed, and will be distributed to the public near the end of August. At that time, legal ads will be published in designated newspapers announcing the availability of the document and the start of the appeal period.

In addition to the Inland Native Fish Strategy effort, the Forest Service is pursuing a cooperative effort with the various states to assure a coordinated multi-agency effort to address inland native fish issues. A proposal was sent to the Governors of Idaho and Montana on June 23, 1995 to develop conservation strategies that could be used to replace this interim management direction with longer term direction working through the Upper Columbia River Basin EIS. Similar proposals will be made to the Governors of Oregon and Washington. As part of this cooperative effort, the Forest Service will actively seek participation of local state fish and game personnel in the development of watershed analysis efforts.

Through review of the public comment, the Forest Service recognizes that the selection of Alternative D will concern many people who felt this alternative provided either too much or not enough protection. Both Alternatives C and E have features that are attractive for longer-term reduction of risk to habitat. The Regional Foresters have directed Inland Native Fish Strategy Team Leader David Wright to develop a strategy to apply the concepts and philosophy of those two alternatives on a limited test basis.

Alternative D will be implemented for all of the areas outside the test watersheds. Application of Alternative D will provide the short-term reduction of risk we desire, while this test of Alternatives C and E will allow the Forest Service to develop the information needed to provide better long-term direction.

FOR FURTHER INFORMATION CONTACT: Questions about the Decision Notice, Finding of No Significant Impact, and Environmental Assessment should be directed to David Wright, Team Leader for the Inland Native Fish Strategy, USDA Forest Service, 3815 Schreiber Way, Coeur d'Alene, ID 83814. Phone: (208) 765-7223.

Dated: July 28, 1995.

David J. Wright,

Inland Native Fish Team Leader, USDA Forest Service.

BILLING CODE 3410-11-M

Natural Resources Conservation Service

Upper Blue River Watershed: Atoka, Bryan, Johnston, Murray, and Pontotoc Counties, Oklahoma

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of a finding of no significant impact.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969: the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact

statement is not being prepared for the Upper Blue River Watershed; Atoka, Bryan, Johnston, Murray, and Pontotoc Counties, Oklahoma.

FOR FURTHER INFORMATION CONTACT:

Robert N. Jones, Acting Executive Director, Natural Resources Conservation Service, 100 USDA Suite 203, Stillwater, Oklahoma 74074-2655, (405) 742-1204.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Robert N. Jones, Acting Executive Director, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project purposes are watershed protection and flood prevention. The planned works of improvement included in this assessment are 42 single-purpose floodwater retarding structures.

The Notice of a Finding Of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Robert N. Jones.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Robert N. Jones,

Acting Executive Director.

ASSASSINATION RECORDS REVIEW BOARD

Notice of Formal Determinations

SUMMARY: The Assassination Records Review Board (Review Board) met in a closed meeting on July 17 and 18, 1995, and made formal determinations on the release of records under the President John F. Kennedy Assassination Records Collection Act of 1992 (JFK Act.) By issuing this notice, the Review Board complies with the section of the JFK Act that requires the Review Board to publish the results of its decisions on a document-by-document basis in the Federal Register within 14 days of the date of the decision.

FOR FURTHER INFORMATION CONTACT:

T. Jeremy Gunn, Acting General Counsel and Associate Director for Research and Analysis, Assassination Records Review Board, Second Floor, 600 E Street, NW., Washington, DC 20530, (202) 724-0088, fax (202) 724-0457.

SUPPLEMENTARY INFORMATION: This notice complies with the requirements of the *President John F. Kennedy Assassination Records Collection Act of 1992*, 44 U.S.C. 2017.9(c)(3) (1992). On July 17 and 18, 1995, the Review Board made formal determinations on records it reviewed under the JFK Act. These determinations are listed below. The assassination records are identified by the record identification number assigned in the President John F. Kennedy Assassination Records Collection database maintained by the National Archives. For each document, the number of releases of previously redacted information is noted.
